

## **Sanho Empowers Consumer Electronics Show with HyperJuice<sup>2</sup>** Award Winning Battery Pack Provides Industry First Dual 12W USB Power for Faster Charging of 2 USB Devices

**Tuesday, January 8, 2013 LAS VEGAS, NEVADA:** Sanho Corporation (Consumer Electronics Show 2013, North Hall, Booth 4812) – manufacturer of the HYPER line of Apple accessories – today announced HyperJuice<sup>2</sup> will be available for demonstration at the company’s booth at CES 2013. Considered “the world’s most advanced battery pack”, HyperJuice<sup>2</sup> remains the only device capable of simultaneously powering a MacBook and two iPads (or any two USB devices).

The latest in the HyperJuice family, HyperJuice<sup>2</sup> is also the industry’s first battery pack to offer two high-powered 12W (5V, 2.4A max) USB ports to offer faster recharging of iPads and USB devices, as well as the ability to tackle the higher-powered 85W output necessary to charge the new MacBook Pro with Retina Display.

### **Notables:**

- Improvement to 12W of USB power output translates into a 20 percent faster charging time for iPads and USB devices
- Features an advanced OLED display providing detailed battery information such as percentage of power remaining, battery temperature, time to full charge and discharge
- Aluminum casing with clean lines to match the latest unibody MacBooks
- Modular design allows the aluminum casing, lithium ion battery cells and logic board to be replaced and upgraded individually, making the battery future proof and reducing electronic waste
- 100Wh HyperJuice<sup>2</sup> can extend the MacBook battery life up to 26 hours, iPad 1st and 2nd generation up to 50 hours (44 hours for iPad 3rd and 4th generation) or fully recharge the iPhone up to 19 times

### **Product Specifications:**

**Model:** MBP2-100

**Capacity:** 100Wh (27000mAh) Lithium Ion

**Dimensions/Weight:** 8.0 x 4.8 x 0.9 inches (204 x 123 x 24 mm), 1.6lbs (0.73kg)

**Power Output: DC:** 14.5~18.5V (4.5A max), USB: 2 x 12W (5V, 2.4A max)

**AC Power: Input:** 100-240V (1.2A max), Output: 19V, 2.4A

**Charging Time:** 3-4 hours

### **Pricing and Availability:**

HyperJuice<sup>2</sup> is available now at <http://www.HyperJuice.com> for a MSRP of \$299.95 (100Wh)

**About Sanho Corporation:**

Founded 2005, Sanho designs, manufactures and markets IT accessories with a focus on portable power, storage and Apple accessories. Sanho is committed to developing cutting edge products with a dedicated focus on performance, quality, value and service, with a sales and marketing office in the U.S. in Silicon Valley, California, a production facility near Shanghai, China, and R&D teams in both countries.
