

Sanho Unveils HyperJuice Pico:

The World's Most Compact and Versatile Apple Lightning Battery Pack
Combines the Flexibility of Multiple Chargers in One Convenient Form Factor

Tuesday, January 8, 2013 LAS VEGAS, NEVADA: Sanho Corporation (Consumer Electronics Show 2013, North Hall, Booth 4812), creators of the award winning HYPER line of portable power and storage products, today announced the release of HyperJuice Pico, the world's most compact 3000mAh battery pack with integrated Apple Lightning and micro USB charging cables as well as a built-in high powered USB charging port and USB recharging cable.

Ideal for everyone from gadget enthusiasts to business travelers, HyperJuice Pico's conveniently compact, yet powerful form comes built-in with everything one needs to charge an iPad, iPhone, Android, Blackberry, Windows Phone, Tablet or any other USB device, eliminating the need to bring along extra cables. HyperJuice Pico also comes with an integrated USB charging cord for recharging itself.

Notables:

- World's most compact 3000mAh battery pack to feature integrated Apple Lightning and micro USB charging cables
- Additional high power USB port to charge any other USB device
- Complete charging solution for iPad, iPhone, Android, Blackberry, Windows Phone, Tablet or any other USB device
- 15W maximum output. Charge 3 smartphones (or 1 tablet and 1 smartphone) at the same time.
- Built-in USB cable to easily recharge HyperJuice Pico with any computer USB port or USB wall adapter
- Never worry about forgetting charging cables again
- Features "invisible" five level battery indicator that glows through the battery casing when lighted and completely disappears when not.
